GREENWAY DOWNS ANNIVERSARY PARTY

Exciting plans are developing for this party, but we need a little help. We would appreciate a loan of several large grills which will be returned in A-1 condition, in addition to coolers. Also, we are planning a few attractions which will require electricity from a source no more than 100 feet from the park area on Custis Parkway between Cameron Road and Greenway Blvd. The Association will reimburse your electrical cost for this time period.

In addition to a loan of grills and coolers for the June party, we are looking for someone with a deep-freezer that has room enough to begin storing ice for our snow-cone machine.
Providers - Please call Marianne Gick at 532-5307.

It will be necessary to close off Custis Parkway between Cameron Road and West George Mason on the day of the party, to provide for various activities. Those residents will be contacted for approval.

The next Association Board meeting has been re-scheduled for Feb. 8, at 8:00 PM at Jacob Goodwin's house, 2821 Monroe Street.
